

As a resident K-Love offers comfort and enlightenment during the rush hours of traffic, focusing on the important things in life. It would be a tragedy to the community to lose the guidance they teach. For our youth, the show the safe haven of God's love, knowing we are loved in spite of our past or current errors. Their service to the community is immeasurable, encouraging, and desperately needed. I support them financially, and if anything, I ask that you increase their signal to reach more areas. Please join us in our support for the great music and hope they bring to us all!
